VOL. 1, NO. 7

OCTOBER 20, 1965

PRICE 10c

Architect's perspective drawing of the Alberta Research Council's new \$1 1/2 million pilot plant at Clover Bar shows the main plant (left) and laboratory building. Construction on the foundations and structural steel for the pilot plant

have been completed, with the remainder of the building to be completed in October 1965. Construction has started on the laboratory building with completion set for March 1, 1966. The new complex will enable the

Research Council to expand their activities in developing new products and processes for Alberta industry, and may also lead to the development of new industry in the province.

## Summary Regular Council Meeting

The meeting opened at 8:00 a.m. with Mayor Howard W. Pickup in the Chair. Councillors Mary Burrow, Walter Krause and Deputy-Mayor F. Earl Thompson were present. Councillor Harry Zolmer had advised previously of his inability to be present as he had business in the city.

The secretary reported on the results of the Civic Election held on Wednesday the 13th of October. The remark was made that the work of Chamber in 'phoning all residents to remind them of the Election helped a great deal in bringing out the voters. However, it is to be noted that many people are not using their democratic right. Out of a possible 1618 votes only 363 were cast - a mere 22.4%. The council candidates that were successful - Brian Gooding and Henry Shimbashi - are to be congratulated and the sitting members of council welcomed them to the fold.

A letter from Corrbild Engineering advising Council of Whissell Enterprises Ltd.'s acceptance of a proposal to recompense the Town for repair work to be done on the new sewer lagoon was read. Council however, directed that we not agree to the reduction of the amount of recompense and inform the contractor accordingly.

The Garbage Collection and Disposal bids were opened for examination by Council. The bids ranged from a low of \$8500 per annum to a high of \$9500 per annum. Council awarded the contract to the present garbage contractor, Mr. Jason E. Hazzard, who was the lowest bidder.

The secretary advised Council that the second week of advertising of the proposed re-zoning of Lot 24, Block 27 was inadvertently missed and asked that confirmation be given to the decision to re-advertise and also to reset the date of the Public Hearing for November 10, 1965 at 8:00 p.m. Council passed a resolution authorizing this change and confirmed the decision to re-advertise.

Council has been working on the problem of providing more adequate access to the lots in Block 33 and particularly the case of Lot 14 in Block 33. In their discussion of this matter they directed the secretary to contact the owners of lots in Block 33 to gain their support and approval to create, by way of subdivision, a service road along the westerly end of Block 33 and parallel and adjacent to the Park Reserve strip serving

as a green belt buffer strip between the block and highway No. 57. They also asked the secretary to continue overtures on access matters with the United Farmers of Alberta Cooperative Ltd.

Complaints having been received about Commercial and Public Service vehicles being parked on residential streets and alleys, Council gave instructions to the secretary to advise all persons in this category of the complaints and request that they comply with our traffic and parking regulations in so far as to keep these vehicles off the residential streets and alleys during parking periods.

The topic of the Community Centennial Project came up next with the introduction by the secretary of a proposed bylaw to authorize the borrow-

## Interested Adults Welcomed to Study

The adult Inter-denominational Bible Study group will meet at the Krabbe home, 5028 - 48th Street on Thursday, October 21st at 8:30 p.m. with the Snell house, 5016 - 49 Street, being the meeting place for October 28th.

This week the group will start a study of "The Book of Revelation" and will continue weekly through the winter months.

All interested, whatever the denomination, are very welcome to join in the informal discussions. Already about six denominations are represented and it is hoped more adults will take part in this program.

## Plan Remembrance Day Parade and Service

Remembrance Day, November 11, 1965 will, as in the past, be celebrated with a Legion Parade and Service. This year the service will be held in the Cardium Theatre.

The Drayton Valley Legion Branch Members wish to publicly acknowledge the appreciation they feel toward the management of the Cardium Theatre for their gracious gesture in giving the facilities of the theatre for this remembrance day service.

The Drayton Valley Legion invites all residents in the area to participate in this day of remembrance by attending the service. They also extend

a cordial invitation to have each person or firm who have purchased a wreath or other memorial symbol, to take part in the wreath laying ceremony at the service.

All wishing to take part in this ceremony are asked to hand their names in to Comrade Legionaire, W.G. Johanneson on or before Monday the 8th of November, 1965 at 5:30 p.m. This will give your Legion Branch the opportunity to arrange escorts and plans for the wreath laying ceremony.

Watch this paper for further developments and plans for Remembrance Day.

## Lutherans Meet In Drayton Valley

Forty-three pastors and teachers of the Northern Alberta Conference, Lutheran Church, Alberta-British Columbia District, met recently at Emmaus Lutheran Church, Drayton Valley, Alberta.

The mayor, Mr. Howard Pickup, in his welcome address, stressed the need of undergirding the Lord's Church with a firm stand on Scripture and encouraged the Conference to continue to take such a stand.

Mr. C. Schneider, chairman of the congregation, welcomed the conference in behalf of the congregation and assured the pastors and teachers that they would be welcome both in the Church and in the Oil Town.

A special guest at the conference was the President of the Alberta-British Columbia District, the Rev. A.F. Miller pastor of Mt. Calvary Lutheran Church, Calgary.

Under the direction of the host pastor, the Rev. E. Steyer, and his Church's chairman, the entire conference was billeted in the homes of the members of Emmaus Lutheran Church and generously feted by the ladies of the congregation in the church auditorium.

A high light of the conference was a study of the Book of Daniel led by three pastors. Each study-group studied and discussed God-fearing Daniel's

uneasy position in a godless world and brought this into focus with modern day living.

Through the enthusiastic work of Mr. C. Schneider, each delegate was presented with a Drayton Valley memento" (a bottle of crude oil), made available by the local Chamber of Commerce.

The delegates, properly attired in white hard hats,

enjoyed the high privilege of being conducted on a tour of the Socony Mobil Oil control centre and a satellite oil station.

The Conference expressed the desire that the thriving congregation at Emmaus Lutheran Church and the booming town of Drayton Valley be thanked publicly for a most generous welcome.

## D.V. HIGHLIGHTS

By Edith Deby

Mr. and Mrs. William Louth have moved into their lovely new home on the farm at Rocky Rapids.

Mr. and Mrs. Nels Johnson are planning to move into town. For many years they have farmed in the district but feel the time has come to retire and enjoy some of the amenities of urban living. The couple have four children. Three sons, Andrew, Robert and Oscar are farmers. A

daughter, Mrs. Annie Patrick, lives in Ontario.

Mr. and Mrs. Alex Boykovich, Mr. and Duane Kehl and Laurie, and Miss Pat Larocque, all of Edmonton, were district visitors over the long weekend.

Mr. and Mrs. L.L. Williams and Mr. and Mrs. Jack Heyland have gone to Prince Rupert to visit their children, Mr. and Mrs. Dalton Heyland.

Mr. and Mrs. Stanley Dunington of Wainwright visited Stan's parents last week.

The pot luck supper in the F.U.A. Hall west of Violet Grove was a marked success. Not only was the delicious supper enjoyed but the card party which followed gave the experts a chance to do their stuff. Winners were Mrs. Freeman Hill and Mr. Cal Bartlett.

Mr. and Mrs. Frank Hazzard and family visited Mr. Hazzard's sister, Mrs. Wm. Lewko, in Westlock to find the harvesting almost completed. Frank says the town's streets are all dug up which indicates that Westlock, too, is interested in a paving program. Mrs. Olga Wiechert had her sons, their wives and children for a visit recently.

Mrs. Mastre, now living in Creston, will celebrate her ninetieth birthday later this month. Members of her family are coming from Saskatchewan, Alberta and B.C. points to be with her at this time.

Mr. and Mrs. Stirling McLean had as their weekend guests, Mr. and Mrs. Tom Shandro, of Edmonton, and Mr. and Mrs. J.W. Hughes, of

Cont. on Page 2

## GOODING, SHIMBASHI ELECTED

As a result of last Wednesday's civic election Brian Gooding and Henry Shimbashi will take two vacant council seats for a term of three years. Howard W. Pickup was returned earlier as Mayor by acclamation.

Mr. Gooding led the poll with 217 votes and Mr. Shimbashi second with 188. The unsuccessful candidates were Robert Findlay, 179 and John Moody 130.

Only 363 ballots were cast of a total of 1618 eligible voters. Two ballots were spoiled.

Elizabeth McGee led the poll in voting for trustees for Drayton Valley Separate School District No. 111 with 65 votes followed by Albert J. Telford with 63. The unsuccessful candidate, Milton Matthews received 49 votes.

One ballot was spoiled of the 94 cast of 300 eligible voters.

# Brawl Mars D.V. Football Game

By Mike Gormley

Some people saw it, more heard about it, and everyone read about it in the Edmonton Journal Monday evening. I am referring to Sunday's football fiasco between the St. Albert team and the Drayton Valley Spartans. We had reports and counter reports, wild reports and amusingly inaccurate reports. Actually, it seems that we heard everything but the facts. For a change let us get down to the facts in this case. Let us leave the generalities and deal with the specifics. Let us see as to what really did happen last Sunday afternoon.

Starting from the beginning, the attitude of the St. Albert coaches as well as that of a majority of their players was unsatisfactory from the time of their arrival in town.

From the outset, never have we experienced or witnessed on a local football field, such primitive savagery, such brutal tactics or such definite attempts to maim opposing players as was displayed by the St. Albert team. Play got progressively more violent as time went on. The lighter Drayton Valley team was taking a terrific physical beating as the visitors took a 14 - 0 lead at the end of the first quarter. Early in the second quarter the Drayton team came back to score a touchdown and from there on it became a jungle struggle for

survival. Finally, referee, Henry Shim-bashi called a halt to proceedings with about four minutes left in the second quarter.

After the game was called, at the order of Coach Stroh, the Spartans returned to their bench. The St. Albert coaches, however, had little or no control over their forces.

On leaving the dressing rooms the entire St. Albert team went down town where among other things a local girl was struck by one of the visitors cars and a series of pitched battles followed involving most of the visiting team and several people from our own community. On leaving town the St. Albert cars were not followed by local football fans as reported. There was no "dangerous driving" involved unless the St. Albert people were doing this type of driving. Finally, the cars were on the hard top, so even the Drayton crowd had followed along, the stone throwing bit, supposedly caused by speeding and slowing down techniques, would not hold much concrete truth.

All in all it was a very unfortunate incident. It was unfortunate that this team ever was brought here, and if the truth had been known as to their calibre and attitude they certainly would not have been invited.

## Council Meeting

Cont. from Page 1

ing of moneys to augment that furnished by Centennial Grants and other municipal authorities. This money to be used in the construction of a Community Civic Centre and Arena as directed by the public meeting decision of last February.

Council gave first reading to the bylaw and directed that it be submitted to the local authorities board for their approval. On gaining this approval it then can be directed for a Ratepayers' Plebiscite.

Council set a maximum sum of \$100,000 as being the amount that the bylaw would authorize for borrowing to help finance this Centennial structure.

### WINTER PROTECTION OF TENDER ROSES

Half the battle against winter injury to roses is won if the wood starts the winter in a well-ripened condition. This is usually ensured by a long open fall.

Winter injury results from the wood drying out and from it thawing and freezing rather than from the actual cold. The amount of insulation required against drying winds and temperature fluctuations depends upon the condition of the wood when winter sets in and local weather conditions. Every effort should be made to keep a good covering of snow on rose beds because this is the best insulating material.

According to R.H. Knowles of the Plant Science Depart-

## D.V. Highlights

Kelowna. Mr. Hughes is known as "the Rotary Flower Boy". It is he who is responsible for sending the lovely blooms to our senior citizens and "shut ins". Mr. Hughes was to be interviewed by C.F.R.N. on Monday. By the time you read this many of you will have seen him on T.V.

The 4-H Beef Club banquet held on Friday evening was a most enjoyable occasion for club members, parents and friends. Terry Sharkey is Achievement Winner this year.

Among his awards will be the much coveted trip to Olds next summer for a week long course dealing with all facets of 4-H. Leonard Urchyshyn was a poised Master of Ceremonies, introducing club leaders, Mr. Otto Guze and Mr. Lawrence Sharkey and club members. Mr. Guze was called on to introduce the

ment at the University of Alberta, all tender rose varieties should be well watered and covered just before freeze-up. The bushes may have to be pruned back so that they can be covered to a depth of 8 to 10 inches. Mr. Knowles recommends using live sphagnum moss covered with a sheet of polyethylene plastic. Hardy rose varieties do not need any special care. Most bushes bought at department stores and supermarkets, however, are tender varieties.

donors of the various prizes and announce the winners of same. These will be reported in detail for the Review by reporter, Edwin Erickson. Nineteen members have registered for the new club year just getting under way. The steady growth shown by the club must be gratifying to all interested in 4-H and especially to the leaders.

The Anglican W.A. served one of those delicious dinners for which it is so justly famous. We are sorry to report that C.D. "Red" Fuhr is a patient in the Royal Alex hospital in Edmonton for the past week with pneumonia. Red recently sold his business, Drayton Valley Motors to Bob Mayhew due to ill health.

We wish you a speedy recovery Red.

## YOU ARE NEEDED

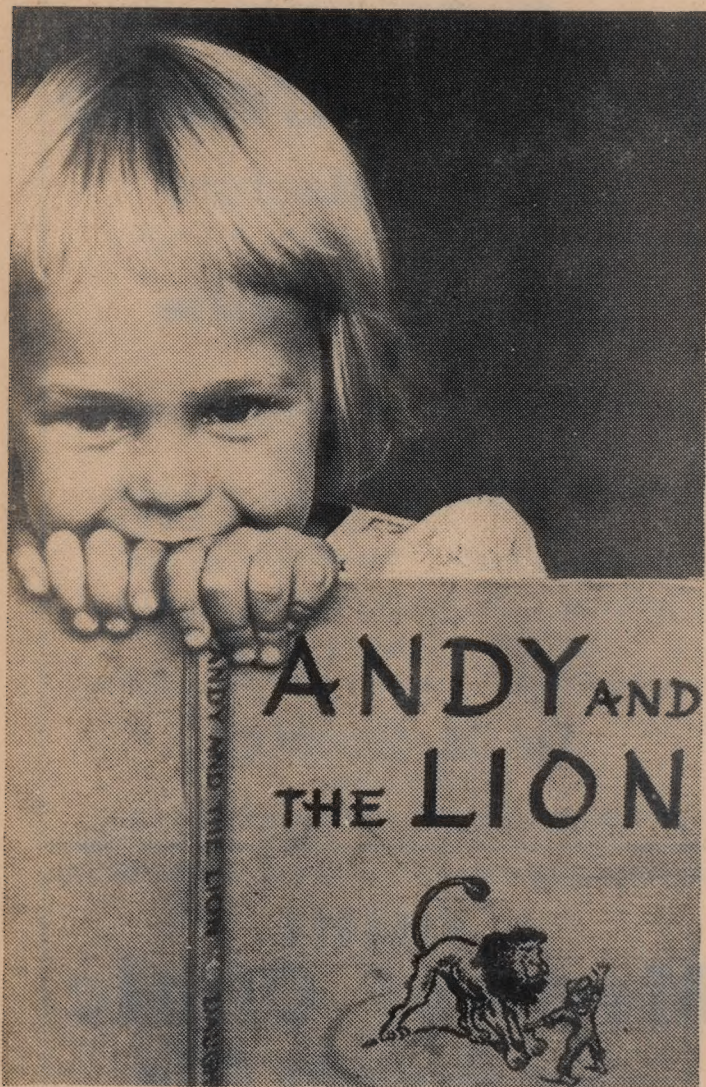

There are a number of good reasons why parents in Drayton Valley should attend the next regular meeting of the local Home and School Association to be held on Thursday, October 28 in the new elementary school.

Probably one of the most important is because the newly instituted school patrol system will be discussed and you will have the opportunity to learn exactly what occurs between the time Junior leaves the back door and his safe arrival at school.

Mr. McKinnon of the AMA, a man well qualified on the subject, will be present to speak on safety patrols and other aspects of traffic safety and will also show films on the subject.

Parents -- please make a real effort to be present -- there is little encouragement for a speaker addressing an empty hall -- and there is very little satisfaction in a situation of this nature for the local association which strives to keep school affairs in the public eye.

In our view the institution of the school patrols was a progressive step in Drayton Valley -- however there are those of different opinion and it is important that parents who agree with the school patrol system show their agreement and interest by attending the meeting on Thursday of next week and supporting the H.S.A.

## Books and Children

Too many children live in homes where books are not considered important; some with no books at all. The result can be utterly tragic in terms of unfulfilled minds, school dropouts, human failures.

This month Canada's vast Home and School movement launches a \$50,000 public information campaign to combat the problem. The objective: to reach every parent over the next two years with urgent messages about the profound importance of books in the growth of their children.

It's just one part of a Centennial project made possible

with donations pledged by the greater number of Canada's 3800 local Home and School associations; donations from outside groups and individuals have been received and are most welcome.

## Grads Find Good Market

For new university graduates seeking jobs "it's never been such a seller's market," says the October issue of the Imperial Oil Review. "There just aren't enough good graduates around, and in some disciplines there is a critical shortage."

Every year about this time, swarms of recruiters from business descend on universities seeking fresh talent to help run the nation's industry.

Last year 3,220 jobs were offered to 2,427 science and engineering students at the University of Toronto. This disparity has helped raise the level of starting salaries offered by an average of three per cent each year.

The number of firms standing in line to pay these higher prices is also on the increase. Industry visits to Canadian campuses have gone up to 15 per cent annually over the last few years.

A good place to give up smoking is in bed. You could start a fire by falling asleep.

# DO YOUR WINTER PLANNING NOW

Plan now to get all those jobs done this winter. Things like having the lawnmower fixed, and the screens mended; having the car tuned up and outboard motor checked; having the drapes cleaned and the rugs shampooed; having the furniture re-upholstered and the electrical appliances repaired; hav-

ing all those repair and renovation jobs done which can call for a long wait come Spring, but which can be handled quickly, efficiently and easily during the winter season. Ask your bank about a low-interest NHA Home Improvement Loan. Plan ahead. Be a Winter-planner now.

**Everybody benefits when winter work is increased**

Issued by authority of Hon. Allan J. MacEachen, Minister of Labour, Canada

## New Government Appointments Announced

G. D. MENZIES

The Hon. F.C. Colborne, minister of public works, has announced the appointment of Stanley E. Kenworthy as the successor to Arthur Arnold, the deputy minister who retired because of ill health on February 1st, 1965.

Mr. Kenworthy is 59 years of age. He was born and educated in Liverpool, England, and emigrated to Canada in 1928. Entering the government service in the department of education in 1940 as branch secretary of the correspondence school, he became involved in the expansion of the facilities of the branch that were necessary during the early war years. In 1948 he was promoted to be manager of the school grants branch and in 1950 he assumed the position of departmental accountant and personnel officer for the department of education.

In 1953 he was transferred to the department of public works as secretary-accountant and in 1957 was promoted to assistant deputy minister in charge of administration.

Mr. Colborne has also announced the appointment of Mr. G.D. Menzies as assistant to the deputy minister. Mr. Menzies came to Alberta from Scotland to join the department of public works in 1954, and has been a supervising architect since 1958. He is a member of the school buildings board of the department of education.

Mr. Menzies was born in Meerut, United Provinces, India, attended the Aberdeen Grammar School and the School of Architecture, Edinburgh College of Art, graduating in 1950. He is an associate of the Royal Incorporation of Architects in

S. E. KENWORTHY

Scotland, an associate of the Royal Institute of British Architects, a member of the Royal Architectural Institute of Canada, and is presently chairman of the Edmonton Chapter of the Alberta Association of Architects. He is married and has two children.

### GLAD STORAGE

Gladiolus corms should be treated for thrips during the winter storage period or before the corms are planted in the spring.

Treatment consists of dusting the corms with 5 per cent DDT or 1 per cent lindane. The chemical should be applied after the corms have been cured and cleaned. One ounce of dust is recommended per bushel of corms. Lindane also controls bulb aphids which often attack corms in storage.

Both treated and untreated corms should be stored on trays or in open bags under cool dry conditions. They do not need to be peeled.

Further information on the control of insects on gladiolus plants as well as recommendations on disease control storage and cultural practices and varietal choices can be obtained from a Canada Department of Agriculture publication entitled "Growing Gladiolus". It is available from district agriculturists and the Extension Service of the Alberta Department of Agriculture, Edmonton.

## COOKING MAGIC

Tested recipes and meal planning ideas prepared for Western Review readers by the Home Service Department of Northwestern Utilities Limited.

Mention chocolate cake to a man and watch his eyes light up. As a matter of fact, any chocolate dessert will put him in a good mood.

### FUDGE RIBBON CAKE

2 tbsp. butter  
8 oz. pkg. cream cheese  
2½ cups sugar  
1 tbsp. cornstarch  
3 eggs  
1 1/3 cups plus 2 tbsp. milk  
½ cup butter, soft  
1½ tsp. vanilla extract  
2 cups sifted all purpose flour  
1 tsp. salt  
1 tsp. baking powder  
½ tsp. soda  
4 oz. melted chocolate or 4 env.

Cream 2 tbsp. butter with cheese, 1/4 cup sugar and cornstarch. Add 1 egg, 2 tbsp. milk and ½ tsp. vanilla; beat until smooth. Grease and flour bottom of 13" x 9" pan. Place in mixing bowl, flour, 2 cups sugar, salt, baking powder, soda, ½ cup butter and 1 cup milk. Blend then beat 1½ minutes at low speed. Add 1/3 cup milk, 2 eggs, melted chocolate and 1 tsp. vanilla; beat 1½ minutes. Spread half of batter in pan. Spoon cheese mixture over batter; spread to cover. Top with remaining batter. Bake at 350°F. for 50 to 60 minutes. Cool and frost.

Chocolate Frosting: Bring to boil in saucepan 1/4 cup milk and 1/4 cup butter; remove from heat. Blend in 2 oz. or 2 env. melted chocolate. Stir in 1 tsp. vanilla and 2½ cups sifted icing sugar until of

spreading consistency. If necessary, then with few drops of milk.

### ORANGE CHOCOLATE CHIPS

1 cup shortening  
1 cup sugar  
1 3 oz. pkg. cream cheese, softened  
2 eggs  
2 tbsp. grated orange peel  
2 tsp. vanilla  
2 cups sifted all purpose flour  
1 tsp. salt  
1 6 oz. pkg. (1 cup) semi

sweet chocolate pieces. Cream together shortening, sugar and cream cheese. Add eggs, orange peel, and vanilla; beat well. Sift together flour and salt; add to creamed mixture. Mix well. Stir in chocolate pieces. Drop from teaspoon 2 inches apart on lightly greased cookie sheet. Bake at 350°F. for 12 minutes or until done. Cool slightly before removing from pan. Makes 4 dozen.

# the man, the boy and the donkey

A man and his son were driving a donkey to market. Presently they met a party of travellers who laughed at them, saying, "How stupid to walk when they have the donkey!" So the man put his son up on the donkey. The next party of people they met said, "What a selfish boy, riding while his poor tired old father walks!" The man and the boy changed places and went on until they met more people, who said, "What a cruel man, to let his little boy walk while he rides!" So the man picked up his son and they both rode. But still the passers-by were not satisfied. "Poor exhausted beast," they said, "that strong boy and his father could well carry it instead of riding it." So the man and his son ended up carrying the heavy donkey, and their progress was so slow that they were too late for the market.

Which just goes to prove that you cannot please everybody at the same time, and when you have a good way of doing things you will be wise to stick to it.

Alberta, for example, has a good way of doing something very important. Nearly eighteen years ago, M.S.I. was instituted by Alberta doctors to meet the special needs of Albertans. Since that time, M.S.I. has steadily increased its benefits and reduced its administration costs.

With the services provided by existing medical insurance programs (of which M.S.I. is by far the largest) and with the existing Alberta Medical Plan, plus the assistance of the Welfare Department in certain special cases, all Albertans, regardless of their financial status, can now get needed medical care.

**M.S.I. is the best and cheapest medical care coverage.**

# Service Boards Doing Commendable Job

Alberta's 55 agricultural service boards are doing a very commendable job in this province, according to W. Lobay, Supervisor of Soils and Weed Control.

Mr. Lobay was very impressed with what he saw on a number of service board tours earlier in the season. The projects included trials of new and promising herbicides, fertilizer demonstrations, community pasture developments, shelterbelt plantings, brush spraying operations and the management of land taken under supervision or reclaimed because of weed and soil problems.

# CN Crew Copes With Emergency

Canadian National Telecommunications employees are used to emergency situations cropping up at their remote locations in the north but one group of four technicians got more than they bargained for recently when they landed at Pelly Bay on the central Arctic Coast.

The group had been investigating the possibility of installing emergency radio telephones at some of the remoter points. Pelly Bay with its two whites and 130 Eskimos is a candidate for the service.

Just before takeoff in their chartered floatplane a real emergency broke out in the community when an Eskimo mother developed trouble with an expected new arrival. The decision was made to fly to Spence Bay with its nurse and outpost hospital 130 miles northwest on Boothia Peninsula.

The flight had barely begun before the baby started to arrive. Father Vandereldt, the Flemish Oblate Father who has served the Pelly Bay community since 1938 weathered a malpresentation in fine style at the rear of the aircraft.

Mary Magdelene, as she was christened, was born at 91°40'10" West, 69°5'10" North. As luck would have it the icebreaker Camsell was in harbor when the plane touched down in Spence Bay. Consequently the babe and mother received the ministrations of both a nurse and a doctor on arrival.

Although some of the projects are being carried out on small scale because of limited funds and personnel, Mr. Lobay feels that they play an important part in pointing out to farmers "how, when, where and why" certain activities must be undertaken by landowners as part of the privilege of owning land.

As a result of weed control promotion by service boards, about 65 per cent of last year's cereal crops were treated with 2,4-D and related compounds. This year's figure is expected to be about the same. In the same period last year, about 450,000 pounds of soil sterilants were applied to weed patches and approximately 3,000 miles of roadsides were back-sloped and seeded to recommended grass mixtures to prevent erosion and weed growth.

During this past summer, about 2,000 notices to destroy weeds were served to landowners and seeding was prohibited on about 25,000 acres because of heavy perennial weed infestations.

The ARDA Land Reclaima-

tion Project is another program which has been undertaken by service boards. Most municipalities are doing some work on a limited scale in co-operation with the farmers concerned to reclaim land damaged by wind and water or seriously infested by perennial weeds.

In addition to the above, Alberta's agricultural service boards are involved in pest control and brucellosis programs. They are also responsible for a great many regulatory duties and for making recommendations to the council on agricultural matters.

Service boards are made up of two councillors, two farmers and the district agriculturist in the area. This committee facilitates understanding and team work between the provincial Department of Agriculture, the municipality and the farmers.

## Lodgepole News

MRS. W. NORQUAY  
Correspondent

Thanksgiving weekend brought friends and relations for visits for the long weekend.

Among them were the next door neighbors, Mr. & Mrs. K. MacMillan. They had their daughter and her husband, Mr. and Mrs. G. Hazzard from Edmonton, Linda and George and Miss Colleen MacMillan finished off the weekend by having an aeroplane ride over Lodgepole. (I'll try and explain about the aeroplane later)

Mr. and Mrs. R. Mundorf had Mrs. Mundorf's parents, Mr. and Mrs. S. Priestley from Calgary and her grandmother, Mrs. M. Gay from Wetaskiwin for Thanksgiving weekend. They all enjoyed a turkey dinner with all the trimmings.

Mr. and Mrs. Eric Proehl had his brother and wife, Mr. and Mrs. A. Proehl and Mr. Larry Proehl also Mrs. Van-Marum and their daughter Christine all from Edmonton for Thanksgiving day.

Mr. C. Carlsen is spending a few days at Pine Point, N. W. T.

Our community cash Bingos are starting on the 19th of October for the season. So come one, come all and make

it a bit of fun for us all. There's a jackpot to be built up too.

Mr. and Mrs. R. Knapp went to Lethbridge to visit with Mrs. Knapp's father who is 85 years young and in pretty good health. They also were very busy visiting with her nine brothers and sisters and their families around Lethbridge.

Triad Oil are having a rig moved in to drill for oil somewhere out on the Elk River road.

Mr. D. Daniels took his father to the hospital yesterday. Mr. Daniels Sr. had had some teeth pulled and they started to bleed again. Here's hoping by the time this goes to press that he'll be alright again.

Mr. and Mrs. R. J. Lester of Lodgepole had their two sons

Phillip and David home from Outlook, Saskatchewan for the long weekend. They are working on the Saskatchewan Dam project there.

Now to do a little explaining about the aeroplane rides. I am given to understand that five people went together and bought an aeroplane. They all have pilots licenses and they take people who would like a ride up for one every once in awhile. I imagine they do it to keep up their flight hours.

Mrs. Brodersen had a phone call from Edmonton that her mother was in the hospital very ill. She went in first thing this morning. We hope it wasn't as bad as they said. Get well soon.

SHOW TIME 8:00 p.m.

Thursday and Friday - October 21st and 22nd - YOUR CHEATIN HEART - George Hamilton, Susan Oliver and Red Buttons

Saturday and Monday - October 23rd and 25th - A BOY TEN FEET TALL - Edward G. Robinson

Tuesday and Wednesday - October 26th and 27th - WOMAN OF STRAW - Gina Lollobrigida, Sean Connery, Ralph Richardson

Thursday and Friday - October 28th and 29th - GIRLS ON THE BEACH - Noreen Corcoran, Martin West

THE TOWN OF DRAYTON VALLEY

## PUBLIC NOTICE

Notice is hereby given that the Council of The Town of Drayton Valley propose to pass a Bylaw, No. 347 of the said Town of Drayton Valley, being a by-law to amend Bylaw No. 91, The Building, Development and Zoning Bylaw of the said Town.

That Bylaw No. 347 authorize the Town of Drayton Valley to amend By-law No. 91 as follows:

1. That Lot 24, Block 27, Plan 6261KS in the Townsite of Drayton Valley be re-zoned from the present "Low Density Residential" classification to "Low Density Commercial" classification.

A copy of the said Bylaw No. 347 and the map of the proposed area may be examined in the Town Office at all reasonable hours of business.

A Public Meeting will be held in the Town Office at Drayton Valley on the 10th day of November, A.D. 1965 at 8:00 p.m. for the Council to consider any objections, recommendation or complaints pertaining to this amendment.

Drayton Valley, Alberta,  
27th September, 1965.

W. G. Johanneson,  
Secretary-Treasurer.

# A. I. Improving Alberta Herds

Last year well over half a million dollars were spent by Alberta farmers on improving the quality of their cattle by the use of artificial insemination.

H.B. Jeffery, Supervisor of Artificial Insemination with the provincial Department of Agriculture, reports that more than 88,000 cows were serviced by A.I. This represents an increase of 1,000 cows over 1963 figures, despite a drop of 4 per cent in the total number of cows served to dairy bulls. Beef breedings by A.I., however, were up by 3,400 services or 12 per cent.

Mr. Jeffery points out that the actual number of cows serviced by A.I. units was down by 775 head but direct semen sales to ranchers conducting their own A.I. range programs more than compensated for this decrease.

According to Mr. Jeffery, most areas in Alberta now

have an A.I. service available. Three new units were established last year. Two of these are farmer co-operatives in the Smoky Lake and Grande Centre districts and the third is a seasonal operation, established by the Ontario Association of Artificial Breeders to serve the Coronation area.

This brings the total number of inseminating businesses serving Alberta to 39. Twenty are farmer co-operatives and 19 are privately owned. Breeding results, says Mr. Jeffery, have equaled those from natural services with 71 per cent of the cows conceiving on the first service. This is evaluated on a 90 day non-return basis.

Most units allow two repeat breedings without any charge. Counting second and third services, well over 90 per cent of the cows bred were in calf. Mr. Jeffery points out that the cost of A.I. is not

usually more than the cost of keeping a herd sire. With this service, superior bulls, formerly available only to a few select breeders, are now as close to the average farmer as his telephone.

More than three-quarters of the semen used in Alberta is frozen and stored in liquid nitrogen at -320°F., says Mr. Jeffery. Last year semen distributed by the Ontario Association of Artificial Breeders serviced just over 60 per cent of the cows in this province while semen from the A.I. centre at Milner, B.C. accounted for 30.5 per cent. The American Breeder's Service at Madison, Wisconsin supplied just over 9 per cent.

## Rail Tenders

The Alberta Resources Railway Corp. over the signature of its chairman, Hon. A. O. Aalborg, is issuing a pre-call notice to prospective tenderers this weekend for clearing, grading and culvert installation on two 30-mile sections of the new line.

Involved is the railway right-of-way commencing approximately 14 miles west of Hinton, Alta., and proceeding north for 20 miles then northwesterly for 40 miles.

The pre-call advertisement is being placed prior to advertising for tenders in order to give bidders an opportunity

THE WESTERN REVIEW

# Summary Regular Meeting Catholic Women's League

Father Lynch and 22 ladies were present at our C. W. L. meeting held on October 5th. The president, Mrs. Eva Hennessey, led the opening prayers. Minutes were read and treasurer's and convenor's reports given.

Mrs. Nancy Matthews reported on plans for construction of a pamphlet rack to be installed in the hospital. Mrs. Jahnke has given kind per-

mission for this and Mr. Paul Beauchesne has generously donated his time toward building it. We hope to see it up soon and all are invited to make use of it.

Hospital visitors for October are Mrs. Patti Tomaszewski and Mrs. Leona Reisterer.

Plans for a Fall Bazaar were cancelled. It was felt that our time could more profitably be spent doing work in the community such as sewing for the hospital, and helping the Girl Guide Association. Mrs. Patti Tomaszewski is our Girl Guide representative as well as Junior Guide Lieutenant.

Perfect attendance spoons were presented with congratulations to the deserving ladies: Mrs. Marie Leniuk, Mrs. Alice MacGregor, Mrs. Kay Meraw, Mrs. Betty McGee, Mrs. Kay Hrynyk, Mrs. Sophie Lermeyer.

As Hallowe'en draws near, we request that the children make plans to again collect pennies for UNICEF. Mrs. Elaine Horne has made boxes and Mrs. Ginger Bengston and Mrs. Maga Telford are in charge of organizing the collection.

Members are reminded that the C. W. L. Mass will be held on the first Saturday of every month at 9:00 a.m.

Following the business meeting our Spiritual Director, Mrs. Ona Trudel, urged all families to say the family rosary, October being the Month of the Rosary, what better time could we begin?

Following a short discussion booklets were distributed, giving help in family observance of the events in the liturgical year of the church.

Our meeting closed with prayer. A tasty lunch was served by: Mrs. Donna Desjardins, Mrs. Kay Meraw, Mrs. Eva Hennessey and Mrs. Savage.

The C. W. L. Bingo held on October 8th was very successful and we wish to thank all who participated in it. To the public, for co-operation and attendance. To the men who assisted as callers and

spotters. And especially to Mrs. St. Louis for so ably convening this event.

Lucky winners of the turkeys were:

1. Mrs. G. Stanton, 2. Mr. Boulanger, 3. Mrs. Boulanger, 4. E. Lambert, 5. Mrs. A. Bresinor, 6. Marilyn Boles, 7. Mrs. E. Lambert, 8. Nancy Matthews, 9. H. E. Eshpeter, 10. Mrs. Fred Schipper, 11. Mrs. Clarence Peterson, 12. Dolores Coutu, 13. Mrs. E.M. Knowles, 14. N. Fortin, 15. Mrs. Lambert, 16. Mrs. Anton Scheck, 17. Anne Parenteau, 18. Rose Huber, 19. Rose Marie Ganske, 20. Al Briere.

## Harvest Operations Nearing Completion

Some showers occurred during the week, mainly in the vicinity of Calgary and in the Peace River District, slowing operations in these for a day or two. Otherwise the weather in Alberta has remained favorable and very good progress has been made with harvesting. The amount of grain that has been combined now stands at: Wheat 75%, Oats and Barley 85%, Flax 55%. The pattern of harvesting is fairly uniform throughout the Province, with a few widely separated stations reporting harvesting is completed and many others expecting operations to be completed with another week of dry weather.

# Fiery End of a Bed-Smoker

Checking a home, plant or office for hazards does not absolutely guarantee freedom from fire. But it helps . . . and there is a greater piece of mind for the occupants. Know something about the causes of fire, or ask the firefighter to help point them out to you.

## Pan American Announces Alaska Wildcat Discovery

A new wildcat discovery well which tested for more than 2,100 barrels of oil per day in Alaska's Cook Inlet was announced recently by Pan American Petroleum Corporation and its partners.

The well, Middle Ground Shoal State 18746 No. 1, is located some 72 miles southwest of Anchorage and establishes the southernmost production in the waters of Cook Inlet.

Pan American Petroleum operates the well for itself and Phillips Petroleum Co., Sinclair Oil & Gas Co. and Skelly Oil Co. Each company has a 25 percent interest in the well and the 3,200-acre state tract on which it is located.

The new discovery is seven miles south of the location at which Pan Am and partners are currently completing a permanent all-weather platform on the site of Middle Ground Shoal No. 4. The latter well, completed a year ago, tested eight separate zones for an average of more than 650 barrels daily from each zone.

Pan Am said it expects to begin drilling from the permanent platform early in November.

Canada's Air Cadet movement is supervised by more than 7400 adult volunteers who serve as committee members, officers and instructors with the squadrons.

# United Church Conference

This past weekend seven local men enjoyed the stimulating experience of attending the eleventh annual United Church Men's Conference at the Banff School of Fine Arts.

Al Braden, Jack Mosdell, Harry Zolmer, Earl Kelly, and Jim Strachan from the United Church were accompanied by Rev. Gordon Ingram and Jack O'Rourke from All Saints Anglican. Our seven participants were only a fraction of the 483 men from all four western provinces who shared in this enjoyable and constructive weekend. For two full days, men of varying age, background and occupation were flung together in the beautiful setting provided by Banff to enjoy the natural beauty of their surroundings, the pleasure of one another's company, and most important of all, to deepen and broaden their understanding of the Christian faith and its relation to the problems and situations which men must meet every day at work and during leisure time.

The conference theme speaker, Dr. C. Earl Gordon of St. Andrew's River Heights United Church in Winnipeg, spoke on the general topic, "Jesus Christ and the Christian Life". His three addresses were "God in Christ", "Christ in You", and "You in the World". Dr. Gordon challenged the men to take the incarnation seriously, and to examine and discuss the implications of the fact that Jesus was fully human, as well as more than a mere man. He also stressed the necessity for a man to make a deep personal commitment to

Jesus Christ, and then to become involved in the life of a Church where faith may be nourished and corporately practiced. Finally, Dr. Gordon reminded the men that the Church cannot be identified with its clergy, that the Church does not exist for its own sake or even for the sake of its members, and that the Church is not simply a "pietistic" collection of saved individuals" echoing John 3:16 and John 17:18. Dr. Gordon urged the men to be the Christian community, and as the Christian community, to take up corporate and individual responsibility in the world outside the Church walls.

A highlight of the conference was an address given by Dr. Jim Robinson, director of the Crossroads Africa program,

which sends North American youth to live and work with people in the emerging nations of Africa for a summer. Dr. Robinson calls the Crossroads idea a "Christian Peace Corps" and maintains that President Kennedy got the Peace Corps idea from Crossroads. Dr. Robinson thrilled the men with the story of his venture, and during Sunday Worship, the offering of some \$2000 was given to Crossroads Africa.

The Sunday worship of the conference was also a highlight in the eyes of most of us. We shared the sacrament of the Lord's Supper, using small loaves which were passed down each row and broken as they were passed. The prayer of confession was prayed by one side of the hall first and the absolution spoken by the

other side. Then the process was reversed and while we prayed, our neighbors, speaking as the Church, extended the absolution to us.

As well as good solid lectures, each man belonged to a small group which met three times for discussion. In these groups, we came to know one another, and to trust each other so that we could share our deepest thoughts and convictions regarding all the matters which we discussed.

Free time was filled with optional workshops on such varied topics as "The Christian's Political Responsibility",

"The Modern Day Indian", "The Church and the Campus", "Are We Letting Service Clubs do our Work?" Naturally, some free time was filled with hot springs swims, gondola rides, and long hot arguments. For a total cost of \$23.00, we all felt that we had received tremendous benefits.

The registration for the Conference is not denominationally limited, and any man who reads this is welcome to register for next year (Oct. 14, 15, 16, 1966). This year, we shared with Anglicans, Baptists, Church of Christ men, and a few Pentecostals.

## Hospital Auxillary Plans Purchases

The regular monthly meeting of the D.V. hospital auxiliary was held on October 14, 1965 in the nurses' residence. There were twelve members and one guest present.

Six more blankets have been purchased for the hospital by the auxiliary. Also a motion was made and passed that the auxiliary buy two T.V. antennae for the hospital. These have since then been bought and set up.

There is to be a rummage sale in the bakery building basement on October 22nd from 2:00 p.m. to 5:00 p.m.

and October 23rd from 2:00 p.m. to 5:00 p.m. Anyone having any clothing or other articles they wish to contribute could have same picked up by calling either Mrs. Jones at 542-4086, Mrs. Reid at 542-3986 or Mrs. Romano at 542-3509. Any and all donations would be most appreciated.

A bake sale has been arranged for in November. The meeting was closed and coffee and lunch was served.

The next meeting of the D.V. hospital auxiliary will be held on November 9, 1965 in the nurses residence.

## BAM-BEES CONFECTIONERY

# Seals Blank Cats

By Mike Gormley

The Canada Safeway Seals of the City of Edmonton Bantam Football League came through with a 40 - 0 victory over the Drayton Valley Wildcats in an exhibition game last Sunday afternoon. The game was played under ideal weather conditions at the New West Valley Recreation Park.

The Seals, who failed to make the playoffs in the City League, played a tremendous game. In fact, the Drayton Valley boys played a good game, but the blue shirted Edmontonians were playing precision football. Coach, Sam Taylor made this statement after the game: "My boys were really flying today; if we had played like this during the regular season we would have made the playoffs and would have had a tremendous chance for the provincial championship."

The Seals got off to a slow start in Sunday's game but picked up momentum about the five minute mark and never looked back. They displayed a diversified and well-selected attack both in the air and on the ground. Their passing was noteworthy with gains of 22 and 28 yards in the first half. The Seals also made good yardage on the turf running around the ends.

For Drayton Valley Stefan Hoge, Don Bouschard and Doug Ibbotson spearheaded the attack which was not good enough to score but it obtained five first downs for the Wildcats during the first half and added four more in the second. The Wildcats played well enough to get on the scoreboard however, the Seals were

razor sharp all afternoon.

At present we are not sure about future games for the Wildcats. There is a possibility of a home and home series with Stettler, however, the distance for such competition would seem prohibitive if competition could be found closer at hand. The prospects of any more games with Edmonton teams do not look favorable. Their league schedule is finished and it would seem that all teams will now disband for the season except those in contention for the Provincial Championships. Arrangements for future games for the Drayton Valley team, if any, will be finalized this week.

## Correspondents Still Needed

Since our last appeal for correspondents from the rural area we have obtained the help of Mrs. Norquay who writes the Lodgepole news.

We would like very much to have correspondents from Tomahawk, Round Valley, Easyford, Carnwood, Berry-moor and every other community not now represented.

We would like to have news from these communities that might include: FUA and FWUA activities, meetings of local groups; 4-H news; farm items; community activities and entertainments; as well as the usual news stories concerning the goings and comings of residents, births, deaths, weddings, funerals, etc.

## Oil Wives Meeting

The monthly meeting of the Drayton Valley Oil Wives was held in the Cardium Room, October 18th. Seventy five members, nine new members, and ten guests sat down to a delicious turkey dinner.

The business meeting was chaired by 2nd Vice-President, Dorothy Goss, President, Lil Ross and Vice-President, Jackie Timmins are attending Oil Wives Convention in Regina from October 18 to 21. One spoon was presented and four have been sent to members moving or transferring from the Club.

Our annual mixed curling

bonspiel will be held Saturday, November 20. Those members wishing to participate should turn in their names as soon as possible.

We regretfully accept the resignation of our Historian, Audrey Cheresnuik, who is moving to Calgary. An election to fill this position will be held at the November meeting.

The next executive meeting will be held November 1 at the home of Donna Goble. The next Oil Wives meeting will be Monday, November 8.

A most enjoyable evening's entertainment was supplied by the Program Committee with the playing of the popular

T.V. game, Windfall. The quiz game was complete with M.C., contestants, studio partners, prizes, and a refreshing and vivacious Miss(?) Telestar. The contestants were faced with a variety of thought provoking questions from, "How many pieces of luggage did Elizabeth Taylor take on her recent trip to Europe?" to "How many calories are there in a bottle of beer?" Laughter was prevalent among contestants and audience alike.

We welcome new members to our Club. Anyone wishing information can contact membership chairman, Betty Wronko, at 542-4380.

### JUDICIAL SALE of RESIDENTIAL PROPERTY

Pursuant to the Order of the Honourable Mr. Justice Peter Greschuk.

The following property is offered for sale by tender subject to the restrictions in the existing Certificate of Title:

Lot 11, Block 44, Plan 7067 K.S., municipally described as 5405 - 48 Street, Drayton Valley, Alberta, which consists of a 5 room plus bath, frame, stucco and cedar siding bungalow with asphalt shingle and a full concrete basement with the lot fully landscaped and in grass, with a brick planter across front of house.

Tenders in sealed envelopes marked S.C. 37787, accompanied by a marked cheque or cash for 10% of the amount of the tender must be in the hands of the Clerk of the Supreme Court, Court House, Edmonton, by 12:00 o'clock noon, 2nd November, A.D. 1965.

The balance of the purchase price shall be paid into Court within 30 days after acceptance of tender. If the successful tenderer does not complete the purchase after acceptance of his tender, the deposit shall be forfeited. The highest or any tender not necessarily accepted. Cheques of unsuccessful tenderers will be returned to them.

For further particulars apply to Mr. S.T. Fitch, c/o Messrs. Cormie, Kennedy, Crawford, Fitch and Patrick, Barristers and Solicitors, -112 Barry Building, Edmonton, Alberta.

DATED at the City of Edmonton, in the Province of Alberta, this 4th day of October A.D. 1965.

W.C. CROFT  
Deputy Clerk of the  
Supreme Court

### You Can Believe It!

AS LITTLE AS 1/8 INCH OF HARD WATER SCALE IN A WATER HEATER CAN BOOST HEATING BILLS AS MUCH AS 16% AND REDUCE WATER HEATING EFFICIENCY BY AS MUCH AS 20%.

THIS ILLUSTRATION OF FABRIC, AS SEEN UNDER A POWERFUL MICROSCOPE, SHOWS THAT AFTER 15 WASHINGS IN HARD WATER, THE FIBERS ARE FILLED WITH SOAP AND DETERGENT DEPOSITS WHICH CAUSE CLOTHING TO WEAR OUT UP TO 33% FASTER.

IN OUR MODERN LIVING, EACH PERSON USES OVER 3 TIMES HIS WEIGHT IN WATER EVERY DAY, OR AN AVERAGE OF 60 GALLONS FOR ALL HOUSEHOLD PURPOSES. WATER WEIGHS 8.3 POUNDS PER GALLON. THUS, EACH PERSON USES 498 POUNDS OF WATER PER DAY, ACCORDING TO THE CULLIGAN WATER INSTITUTE.

SURPRISINGLY ENOUGH, THE AMAZON RIVER IN THE TROPICS HAS ONE OF THE BEST AND SOFTEST WATER SUPPLIES IN THE WORLD. ONLY A HOUSEHOLD WATER SOFTENER PROVIDES BETTER WATER FOR EVERY USE.
